Applicant Guidance Notes

An online basic DBS check can be completed by accessing the internet from any device that has this facility. This includes a smart phone, tablet, laptop or PC. It is supported on the latest versions of all modern browsers; however, we do not recommend access via Internet Explorer as this browser is unsupported both by our technology and soon by Microsoft also. If you do not own your own computer, you can go to any internet café or local library. Please be aware that you must complete your application form in full as part completed applications form cannot be saved.

Starting your application

You can start your application one of two ways depending on how you have been invited by the employer requesting this check to be carried out on you.

Option 1 – via a direct link within an email invitation

If you have received an email invitation containing a direct link to completing your application, simply click the link contained in your email and skip to page 5 of this guide.

Option 2 – accessing our system through your browser

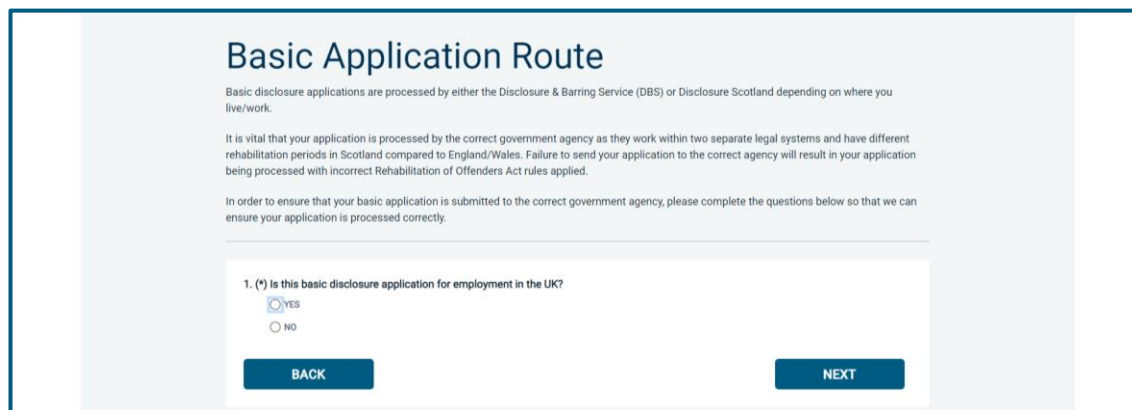

Please enter the following address in the web browser:

<https://disclosure.capitarvs.co.uk/care/>

You will now be taken to the basic routing screen in order to determine whether your basic application needs to be processed by the DBS or Disclosure Scotland based on where you live/work.

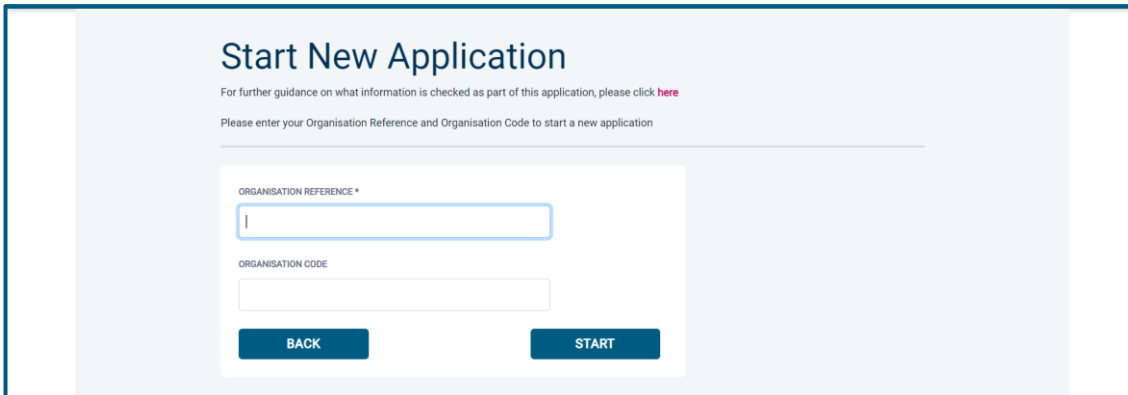

For applicants based in England or Wales who require a basic DBS check, the answers to these questions will point to 'England/Wales'.

Once the questions have been answered, please click 'Next'.

Please note at this stage of the process your login details are case sensitive.

1. Enter the Organisation Reference that has been supplied to you by the company that you will be/are working for.

Complete Application

You have now completed your application form and you will be given a submission reference number. **Please make a note of this number for reference purposes.** You will receive a confirmation email containing these details to the email address supplied on the application form.

Your application form will be processed by your employer once they have verified your identity. Please see below for guidance on identity verification.

Next step - identity verification

In line with the DBS code of practice all applicants requiring a DBS check must have their identity verified.

How do I have my identity verified?

There are two ways in which your identity can be verified, either digitally and remotely via our certified identity service provider (IDSP) or by providing original identification to your employer. Your employer will inform you how they wish to verify your identity. If you are verifying your identity digitally, you will receive a unique link by email to upload your documents and a selfie to our IDSP platform. If you are verifying your identity manually, please provide original identification to your Company's Nominated Person (usually Recruitment or HR Manager) and provide identification as listed in the acceptable ID table (see table below). Your application form will be processed by your employer once they have verified your identity, and then sent onto the DBS.

Tracking the progress of your application with the DBS

Once your application has been received at the DBS and is assigned a DBS Application Reference number you will receive a second email detailing this information. This email will include details and links to the DBS website to enable you to track the progress of your application from the moment the disclosure process commences.
